To Whom It May Concern:

My name is Marc Sanders and I was informed of SCE&G requesting a rate increase in the near future of about 1.21%. I would like to speak at the upcoming meeting against the rate increase. I know many fixed income families that can't keep paying these increases and I also don't believe the consumer should have to continue to pay for these repairs and upgrades. The commission in the past told SCE&G to send refunds because they earned too much in one quarter but I never see a check. I believe I have a valid reason and proof that this increase is not necessary. I would request that I represent the consumers and their grievance with any such increase. Please allow me to speak at the next meeting and also keep me informed of the actual date and time once it is set.

Thanks Marc Sanders
